

### Pet transport by road | Italy - European Union Countries.

Transport your pet by road with **ReloCat Italy** will be a safe and enjoyable experience.

Based in Northern Italy, our company provide specialized high quality Pet Transport services throughout all Europe.

We do our utmost to transport your pet as stress free as possible, with vehicle provided with full air conditioning, heating, and rear opening side windows for fresh air circulation. The van is an 8 seater people carrier with 6 seats removed providing lots of space for your pet.

**ReloCat Italy** comply with the Code of Live Animal Road Transport and Minimum Standards for the Welfare of Animals Transported within Europe and holds a full Pets Service License to operate this business.

Your pets are safe with us and are treated as if they were our own.

**RoadTransport | Dedicated Service**

**ReloCat Italy** Italy can give exclusive transport service for pets offering a very pleasant and safe journey.

Dogs and cats will travel inside their suitable kennel, provided by us.

If you need any further information, please enter this [Ask a free Estimate web page](#) , and fill in out all the fields.

**Road Transport | Service in Groupage (shared with other pets).**

Our shared normal trips to UK leave from Milan and deliver to London city, but any meeting place along this route would be welcomed, and extra cost will be calculated according to the distance.

Our dedicated special trained drivers will give several stops for exercise, and for the overnight pets will slip in a pet friendly hotel with secure parking and gardens.

We can assure you that your pet will be in good and safe hands.

If you're interested to book a travel date, we can calculate the travel cost for your animal(s), so please give us your departure and destination details, including town, country and postcode, entering this [Ask a free Estimate web page](#) , and fill in out all the fields.

Once we know your requirements, we'll provide you with a quotation that covers all travel expenses and our basic admin. There may be additional charges to cover extra services and requirements.

### **Road Transport or Air Transport?**

Weighting of the factors can vary depending on the specific requirements of the client and the nature of the relocation. The factors listed above are the most common ones used in the industry.
